

Exterior Covers

SAFE. SEAMLESS. STUNNING.

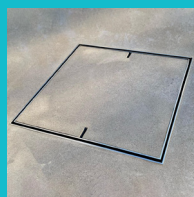

HIDE®

SKIMMER LIDS

ACCESS COVERS

DRAIN COVERS

Traditional plastic cover

Refined. Functional. Essential.

These durable lids not only enhance the aesthetics and safety of your outdoor living area but also provide unparalleled protection. The robust Stainless Steel construction safeguards your inlay from cracks and damage that occurs with plastic and loose stone covers. The flush mount lid and locking system prevents unwanted access by your children and pets.

Enjoy piece of mind with superior durability and style, backed by a 10-year construction warranty.

A simple two piece system

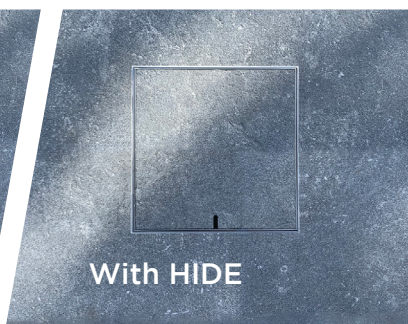

Choose 1 of 6 depths to suit your inlay thickness.

- ① Cut the inlay to the size of the lid and to match the surrounds.
- ② Install the inlay material/s into the lid with supplied glue.
- ③ Install the Edge Protector into the bed of the pool over the skimmer basket, so it sits flush with the finished surface.

Install with ease with outstanding results
